Local Heroes: Your Hardworking Pollinators

Level 1 (GR K-1) \$9.00 for 1 pkg of 25

Designed for students in grades K-1.

TOPICS:

- Realize that humans need food in order to live and grow and that a large portion of their food comes from plants.
- Gain an awareness of the dependence of plants upon pollination.
- Deduct which items utilized in their daily lives are dependent upon pollination.
- Explain the steps in animal pollination.
- Recognize that humans can have a positive impact their environment by making changes beneficial to pollinators.

Local Heroes: Your Hardworking Pollinators

Level 2 (GR 2-3) \$12.00 for 1 pkg of 25

Designed for students in grades 2-3.

TOPICS:

- Understand that most plants depend on animals for pollination.
- Distinguish the connection between the physical properties of plants, pollen, pollinators and successful pollination.
- Realize the role pollination plays in plant reproduction.
- Appreciate the vital role pollinators play in their everyday lives.
- Recognize that changes made in the environment can affect the availability of resources for pollinators, which in return affects the availability of resources for humans.
- Identify actions that can be taken to improve and provide habitat for pollinators.

Local Heroes: Your Hardworking Pollinators

Level 3 (GR 4-5) \$12.00 for 1 pkg of 25

Designed for students in grades 4-5.

TOPICS:

- Observe that plants have external structures that serve various functions in both pollination and reproduction.
- Relate the role of pollinators to plants and the supply of food for human consumption.
- Differentiate between vertebrate/invertebrate, mammal/insect pollinators.
- Investigate the necessity of pollinators to their everyday lives.
- Comprehend that pollinators can survive only in environments in which their particular needs are met.
- Identify ways in which human activities impact the environment and ways to help protect resources and habitats.

Local Heroes: Your Hardworking Pollinators

Level 4 (GR 6 and up)
\$12.00 for 1 pkg of 25

Designed for students in grades 6 and up.

TOPICS:

- Explain the connection between the specialized physical structures of both pollinators and the plants that are their food sources and successful pollination.
- Recognize the role of the sense receptors of pollinators to their choice of food.
- Grasp that pollinators are dependent on their environmental interactions both with other living organisms, including humans, and with nonliving factors that affect their access to resources.
- Identify the ways humans are dependent upon pollinators.
- Describe actions that can be taken to increase the pollinator population.

Local Heroes: Your Hardworking Pollinators Big Book

(PRE-K-3) \$22.00 for 1 Big Book
